### FROM THE PRINCIPAL'S DESK

Dear prospective franchisee,

We, The George Telegraph Training Institute are committed to the vision of our Founder, "To provide means of income generation to the youth of India." This philosophy has nourished three generations of Indians and we are proud that many of our present students are grandsons/granddaughters of our first alumnae.

In the process our Institute has established itself as the premier source of vocational training in a spectrum of job oriented courses designed to enable our students either to enter into employment as qualified professionals or to establish their own business units.

Our dedication to quality teaching since **1920** has earned for us widespread goodwill that we nurture through careful monitoring of standards and regular up gradation of our courseware. This was also recognized by the National Skill Development Corporation (NSDC), a Government of India Project, making us their Training Partner and affiliating all the courses run by GTTI.

A perusal of the succeeding pages will prominently present to you the benefits of entering this field. If you feel that you would like to establish a viable business in the noble profession of transforming the lives of young men and women to make them valuable members of our society we shall be pleased to welcome you to The George Telegraph Training Institute (GTTI) family. With best wishes,

Gora Sitte

Principal

## THE PARTNERSHIP INITIATIVE

### THE OBJECTIVE

Throughout its existence of more than nine decades the Institute has strived to eliminate the problem of unemployment by providing job-oriented training to young men and women, thereby empowering them towards a successful career.

In this, the policy of the Institute has always been to concentrate on the underprivileged youth of average merit. Over the years the Institute has built on its formidable reputation and widespread goodwill to reach out to an ever wider population by opening new centres in other state capitals and district towns.

The rapidly evolving industrial economy of modern India is generating and increasing demand for skilled human resource and the Institute has decided to increase its services to the nation by accelerating its process of reaching out to the masses.

In order to achieve this objective, the Institute has resolved to license the use of its name, its self-developed courses and pedagogical methods to committed individuals, groups or companies who wish to contribute to the welfare of our youth.

## **RECENT INITIATIVES**

The Institute has always maintained a close liaison with government, non-government and private organisations to ensure the industrial relevancy of its courses. New measures have been initiated within its Continuous Development Process to guarantee that students graduating from our courses are of a quality above that of any comparable institute. Some of these initiatives are:

- 1. Continuing education for organisational personnel in new and emerging technology and communication processes.
- 2. Ensuring academic up gradation of faculty members through workshops and seminars.
- 3. Compulsory concurrent training of all students of long term courses in English Language and Personality Development.
- 4. Development and Maintenance of academic bodies in India and abroad for access to evolving methodologies.
- 5. Development and maintenance of associations with manufacturing and service companies to access leading edge technological training.
- 6. Industrial consultancy for recruitment and testing of staff.
